

Alberta Genealogical Society EDMONTON BRANCH

Special event via zoom

Thursday, May 26, 2022 @ 7:00 pm

Our library offers access to resources, including the Charles Denney Papers  
-essential to those researching their Métis Family Tree.

To register go to: <https://www.edmontongenealogy.ca/events> (after registering, you will receive a confirmation email that explains how to join the meeting, please retain the email)

## PEELING BACK THE GRID

Restoring "First Families" of the Edmonton District to their proper places on the map, with Documentary Filmmaker Dylan Reade. Animated maps and little-known genealogical resources help point the way to rebuilding the larger and older story that lies beyond the false boundaries of our River Lot narratives; a rediscovery of community in the days before scrip, survey or Reserves.

Featuring case studies from across the Edmonton District from recent work produced for the [UNESCO Beaver Hills Biosphere](#). Co-sponsored by: [Société généalogique du Nord-Ouest](#)

**June 23, 2022 zoom session**

**will feature local multi-disciplinary artist Amber Paquette who will expand our theme with "Uncovered Chapters: Stories of Metis Genealogy & Kinship."**
